Art Camp

Totally NEW Activities include:

- Plaster masks
- Watercolor workshop
- Cartoon and imaginative drawing
- Monoprinting
- Sculpting with clay

***Students will get to keep drawing utensils and watercolor sets

Building/Engineering Camp

Campers will research bridge designs and design their own bridge. Bridges will be built out of popsicle sticks, string, and glue. The bridges will go through support tests to see how many pounds they can hold. The winning bridge is the one that is the most cost efficient. After all of the bridges have been tested, campers will use Microsoft Excel to compile statistics.

Katie Abbring (kabbring@calvinchristian.org). Mrs. Abbring teaches art for grades 1-12 at Calvin Christian elementary, middle, and high school.

Kristin Koelewyn (kkoelewyn@calvinchristian.org). Mrs. Koelewyn teaches fifth grade.
